I agree to leave the area clean, pick up garbage and dispose of it, turn off lights, clean spillage on the floor and remove any tables or supplies furnished by the organization's or family's occupation of the band shelter premises. It is my responsibility to ensure that the premises are left in good condition, with no damage to the structure/facilities.

I will call the Police Dept at 765-9600 to open and close the band shell. Per the officer's instructions when access is initially granted, I will return the key to the Police Department at the time and location designated by the officer.
